BOX OFFICE OPEN –

Two family-fun, walking performances.

The City's walls as you've never seen them before!! Sign up here -

<http://www.heavitreesquilometre.org/heavitree-quarries.html>

■ Mont le Grand – Opulent Heavitree!

The Mont le Pod are recruiting – great chance to get involved in a fun project!

■ Fore Street update

Well, the work of the Green Pod and the St Michael's CoE Primary Academic gardening club, is now on Fore Street for all to see and enjoy. The participating traders have taken up the challenge of taking care of the planting including regular watering in this hot weather and the pollinator-friendly plants are looking great. What's more we have bees on Fore Street!! The aims of the planting scheme are being met and we're all doing our little bit for the environment. Great work everyone!

Year 5 pupils from Ladysmith Junior School have also been working hard on a Fore Street heritage project, creating 23 window display plaques that celebrate the long trading history of our main road. We think they look amazing! The children have all participated in workshops exploring the importance of shopping locally and having a local trading heart in our community, including visualising how it might be into the future. Great resident/trader links are being forged.

And the SW in Bloom, It's Your Neighbourhood judging takes place on 10th July 2018. Wish us luck!!!

Theatre Locale is produced by the [Heavitree Squilometre](http://www.heavitreesquilometre.org)

■ THE QUARRY TRAILS UPDATE

The excellent and enthusiastic work of the Quarry Pod is now drawing to a close. They are finalising the product of their work and will be ready to launch three beautifully produced leaflets showing the product of the community surveys and bringing their year-long research together into suggested City tours highlighting how important our very own Heavitree stone has been in Exeter's development.

They have also created digital Placeify tour for hand-held devices that will be launched this July.

The HEAVITREE QUARRY TRAILS are a community-commissioned Heavitree *Squilometre* project.

Presented by Stagewright Productions

Written by Suze Gardner
Directed by Wendy Carter

If the walls could talk ...!!!

LIVING THINGS

PRODUCTIONS CIC

This is a voluntary donation performance but please sign in for joining details - www.heavitreesquilometre.org/heavitree-quarries.html or Tel: 07855 935137

And, in true *Squilometre*, shared-community, style there will be family-fun performances in Heavitree on the 8th July and down on the Quay on 22nd July. Find out more and sign up here – <http://www.heavitreesquilometre.org/heavitree-quarries.html>. Discover the City's walls as you've never seen them before!!

■ Mont le Grand – Opulent Heavitree!

The Mont le Pod are recruiting! If you've been watching all of this Heavitree fun and think it's time to get involved why not start by joining a team of local residents researching two grand Georgian villas in Heavitree. We're planning, with the kind owners' permission, to hold drawing-room mystery evenings to share everything we'll have learned. Can't wait! If you're interested please do just get in touch info@heavitreesquilometre.org. We're looking forward to hearing from you!
